

# STEWARDSHIP

- **CURRENT STATE:** *We're an organization that believes in the importance of giving back to the places where we love to play through continued conservation and donations*
  - 1-2 service projects a year
  - No consistent organization or ownership of the program
- **SURVEY RESULTS - WHAT WE HEARD FROM YOU:**
  - People are interested either because they're participating in it to some extent, or because the WAC offers spaces to volunteer throughout the course of the year.
  - There is a desire to rally and coordinate more - People are interested if we bring this to them!!!
- **FUTURE GOALS AND OUTLOOK:**
  - Committed group of leaders to organize and host annual Member volunteer events/outings
  - Consolidates the independent stewardship efforts throughout the club into a cohesive program.
  - Sustained program that pulls together a cohesive connection with local organizations we want to support and rally around.
  - Fundraising - Strategic approach and POV focused on the WAC's fundraising efforts. Focused planning that supports this effort.
  - Create a requirement for Basic Class students to volunteer
